

## GRAVITY TRAPS & GULLYS FOR FLOOR FORMERS

- A selection of traps and gravity gullies for use with wetroom floor formers and flexible sheet flooring.
- Stainless steel options available for a modern appearance or if laying a tiled floor.
- Push on cover plate.
- Top access, easy to clean.
- Manufactured in white ABS, will withstand wheelchair loadings.

### CTW01 SHOWER TRAP

- 2 part, 50mm water seal trapped waste for use with a floor former.
- Bolts together for easy installation.
- Removable inner cup for cleaning.
- Flow rate in excess of 26 litres per minute.
- 1½" outlet.
- Tested in accordance with EN274-2:2002

Description	Reference	Price
CTW01 Shower Trap	08CTW01	£57.00

### VSG1 NON-RETURN VALVE GULLY

- For floor former installations where depth is restricted.
- Valve is a substitute for a regulatory water seal trap.
- The weight of the water discharge will open and close the valve.
- Minimum flow rate of 30 litres per minute in 15mm head of water.
- Supplied with FLEXCON6 1½" flexible compression connector.

It is advisable to seek guidance from local building control prior to use as there are currently no regulations to cover the use of anything other than a water seal trap.

Description	Reference	Price
VSG1	08GV01NSC	£60.00

### TSG52 GULLYS

- 2 part, 50mm water seal trapped gully.
- Flow rate in excess of 40 litres per minute.
- Option for use with flexible sheet flooring.
- 150mm stainless steel square option for use with floor tiles, (8mm depth).
- Round stainless steel option for use with vinyl flooring.
