

GLASS SCREENS

Open up the shower space.

- For a modern and minimalist walk-in shower experience.
- 6mm clear toughened safety glass, EN 14428 tested, 1950mm high (plus wall support, see below).
- The wall support can be cut to length (700mm-1500mm).
- Silver aluminium frame with 30mm adjustment for out of true walls.
- 45° wall bracket available if you wish to add a return panel.
- Available in 700mm, 800mm, 900mm, 1000mm, 1100mm and 1200mm widths.
- Leading edge is finished in glass.
- Installs directly onto all Contour shower trays which have a flat top perimeter, and on tiled wetfloor areas.
- Bolster section available for use on curved vinyl safety flooring.
- Chrome bottom fixing support foot & bottom seal included but fitting optional.
- Not handed.
